INWARD PROCESSING

The Spanish Inward Processing System allows non-European vessels to dock temporarily for up to 18 months in EU waters for repairs, refits, and maintenance at 21% VAT FREE.

As authorized fiscal representative, Lantimar can manage any eligible vessel wishing to use this service and benefit from the significant savings offered by new regimen.

Our greatest asset is our team. All RPA paperwork is handled internally by Lantimar Customs & Logistics, while Lantimar Yachting orchestrates the project to ensure operational efficiency, speed, and cost savings.
